This massive collection of original stories and articles inspired by the 'Cthulhu Mythos' created by H.P. Lovecraft was published in Japan in 2002 as a two-volume set under the name Hishinkai. The list of contributing authors is a who's-who of Japanese horror fiction, featuring some of the finest writers in Japan today.

In cooperation with Tokyo Sōgensha, the Japanese publishers, and the anthology editor, Mr. ASAMATSU Ken, we are proud to present this third volume of dark visions of the Mythos as interpreted by Japanese authors. Some stories will seem familiar, illuminating the eternal themes of Lovecraft in new lights, while others will present new vistas of horror unique to the Japanese experience. Each story is accompanied by a thought-provoking introduction by Robert M. Price, the undisputed master of the Mythos.

The cover is by YAMADA Akihiro, acclaimed artist and manga illustrator known for his work on the Japanese-language editions of Lovecraft and other Mythos works, and more recently in filmmaking.
